

CITY OF Yuba City

# 2022 Annual Action Plan Amendment

## COMMUNITY DEVELOPMENT BLOCK GRANT

Development Services Department

Adopted January 17, 2023

## Executive Summary

### AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

#### 1. Introduction

*The 2022 Annual Action Plan (2022 Action Plan) included funding a Clean-Up activity which was approved by the U.S. Department of Housing and Urban Development (HUD). Subsequent to the submission of the City's 2022 Action Plan and due to funding restrictions, City staff decided to remove and reallocate the funding for the Clean-Up activity. As a result of this action, funds from this activity will be added to the 2022 Sidewalk Repair Assistance activity.*

The City of Yuba City is an entitlement jurisdiction for Community Development Block Grant (CDBG) funds, one of several Department of Housing and Urban Development (HUD) formula entitlement programs. As an entitlement jurisdiction, HUD requires the City to complete and submit an Annual Action Plan (Action Plan) in order to receive CDBG funds annually. The 2022 Action Plan is the third Action Plan covered by the 2020 Consolidated Plan (Con Plan).

The format of the 2022 Action Plan is required and consistent with HUD's Integrated and Disbursement Information System (IDIS).

The 2022 Action Plan consists of five (5) sections including: 1) Executive Summary; 2) Expected Resources; 3) Annual Goals and Objectives; 4) Affordable Housing; and, 5) Program Specific Requirements.

Yuba City's Development Services Department is the lead agency responsible for developing the 2022 Action Plan and is responsible for the administration of CDBG funds, including implementation of projects and programs and monitoring projects and programs to ensure compliance with HUD requirements and regulations.

#### 2. Summarize the objectives and outcomes identified in the Plan

The City is required to implement and use HUD's Outcome Performance Measurement System (OPMS). The OPMS was developed to enable HUD to collect and standardize performance data on entitlement-funded activities from all grantees nationwide for use in reporting to Congress on the effectiveness of HUD's formula entitlement programs.

Based on the Needs Assessment and Market Analysis information, the City's 2020 Con Plan identifies the following affordable housing and community development goals by OPMS objectives and outcomes.

### **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In addition, annually the City is required, at the conclusion of the Program Year (PY), to complete and submit to HUD a Consolidated Annual Performance and Evaluation Report (CAPER) reporting on the Action Plan Goal outcomes and expenditures. Subsequently to the submittal of the CAPER, HUD assesses the City's management of CDBG program funds.

Overall, the City has performed satisfactorily managing the CDBG Program and addressing its priority needs through the programs set out in the 2020 Con Plan.

### **4. Summary of Citizen Participation Process and consultation process**

The Citizen Participation process included a variety of efforts to encourage public participation, especially from lower income residents and service providers, in the development of the Draft 2022 Action Plan. Two meetings were held during the Action Plan development process to solicit public input. The first public meeting was held via Zoom on February 10, 2022 to solicit input and request participation in the development of the 2022 Action Plan. The Public Hearing was held on July 5, 2022 and was published in the Appeal-Democrat 30 days prior to the meeting in accordance with the City's Citizen Participation Plan. A 30-day public review and comment period commenced on June 24, 2022 and ended on July 24, 2022.

The meetings were noticed on the City's website, in addition, information regarding the meetings was emailed directly to the City's CDBG Interest List, including public and private service providers and government agencies.

A summary of the 2022 Action Plan was published on June 23, 2022 in the Appeal Democrat, noting that a Public Hearing will be held on July 19, 2022 to solicit public comment on the 2022 Action Plan. The 2022 Action Plan was also made available on the City's website and in hard copy at both City Hall and the Public Library.

*During the Amendment of the 2022 Annual Action Plan, public and private agencies and organizations were consulted, including the Regional Housing Authority and Sutter-Yuba Homeless Consortium (Continuum of Care). A 30-day public review and comment period began on December 17, 2022 and end on January 17, 2023. A summary of the Amendment to the 2022 Action Plan was published on December 17, 2022 in the Appeal Democrat, which notes a public hearing was held on January 17, 2023 to solicit public comment on the Amendment to the 2022 Action Plan. Copies of the Draft Amendment to 2022 Action Plan will also be made available at City Hall, the City's website and at the Main Branch of the Sutter County Library.*

## **5. Summary of public comments**

## PR-05 Lead & Responsible Agencies – 91.200(b)

### 1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	City of Yuba City	Development Services Department

Table 1 – Responsible Agencies

### Narrative

The City’s Development Services Department (DSD) is the lead agency responsible for overseeing development of the Action Plan.

HUD requires entitlement jurisdictions that receive CDBG, HOME Investment Partnership Program (HOME) or Emergency Shelter Grant (ESG) funds directly from HUD to complete an Annual Action Plan.

The City does not receive HOME or ESG funds directly from HUD; as a result, the Action Plan focuses only on identifying and prioritizing programs allowed under CDBG funding.

The City’s Development Services Department is responsible for the administration of the CDBG funds, including facilitating project/program implementation, monitoring project activities and outcomes, and ensuring compliance with all HUD requirements and regulations such as fair housing, Davis-Bacon requirements (prevailing wages), environmental reviews, affirmative action, competitive bidding procedures, and fiscal and contract administration. CDBG activities are carried out by both internal City Departments as well as external Sub-Recipients.

### Consolidated Plan Public Contact Information

Comments and/or inquiries regarding the Action Plan should be directed to:

Shannon Jones, Development Services Analyst, City of Yuba City, Development Services Department, 1201 Civic Center Blvd., Yuba City, CA 95993, phone: (530) 822-5145, e-mail: [sjones@yubacity.net](mailto:sjones@yubacity.net).

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

The consolidated planning process requires jurisdictions to contact and consult with other public and private agencies when developing the Plan. The Plan itself must include a summary of the consultation process, including identification of the agencies that participated in the process. Jurisdictions also are required to summarize their efforts to enhance coordination between public and private agencies.

#### **Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))**

The City has developed and maintained on-going, collaborative relationships with the Regional Housing Authority, Sutter-Yuba Homeless Consortium, (SYHC), local service providers, Sutter County agencies and the Yuba-Sutter Economic Development Corporation in an effort to enhance the coordination of services to low and moderate-income persons, special needs groups, and businesses. The City’s efforts have included attending meetings, exchange of information and coordination of services.

#### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The City works in cooperation with the SYHC to address the needs of homelessness in the community. The SYHC consists of over 50 members, including the City of Yuba City, that utilize the Continuum of Care planning process to address homeless needs in the City of Yuba City and throughout the region. The SYHC allows for maximizing funding resources, helps to avoid duplication of services and provides for a comprehensive approach to homelessness. During the 2022 Action Plan process, the City consulted members of the SYHC in order to meet the Action Plan requirements.

#### **Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

This section is not applicable as the City is not an ESG grantee. The Sutter-Yuba Homeless Consortium is the entity that administers the HMIS.

**2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities**

Agencies representing the homeless, non-homeless and housing providers participated in the annual CDBG Community Needs Workshop. The agencies were encouraged to apply for CDBG funding. The agencies were asked to review and comment on the 2022 Action Plan. Public service agency consultations assist the City to prioritize funding and to identify trends in housing and human service needs.

**Narrative**

The City will, in conjunction with the development of affordable housing, submit applications for funding, implementation of activities and delivery of services targeted to low and moderate-income households, continue to work and coordinate with other public entities, including the Regional Housing Authority, Sutter County and the State of California.

## **AP-12 Participation – 91.105, 91.200(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

The City followed requirements for citizen participation outlined in the City’s Citizen Participation Plan. The City encouraged citizens, along with local and regional organizations, to participate during the preparation of the 2022 Action Plan. Regional and local service agencies, non-profit organizations, City staff, City Council and City Commissions were invited to two (2) public meetings held to discuss the 2022 Action Plan update and solicit comments. The first virtual meeting was held on February 10, 2022 at 10:00 a.m. The second meeting, a Public Hearing, was held on July 19, 2022.

The 2022 Action Plan was made available for public review and comment during a 30-day period, June 24, 2022 through July 24, 2022. A Public Hearing was held on July 19, 2022 at 6:00 p.m., at City Hall in Yuba City before the City Council to solicit public comment regarding the 2022 Action Plan. The 2022 Action Plan was also made available during the 30-day comment period on the City’s website and copies made available at City Hall. The City’s website also included notification of the development of the 2022 Action Plan and encouraged citizens to provide input.

Prior to submission to the Department of HUD, the City Council reviews and approves the Action Plan.

*The City held a Public Hearing at City Hall on January 17, 2023 to provide information, encourage public participation and request public comment on the City's Amendment to its 2022 Action Plan. The Amendment to the 2022 Action Plan was made available for public review and comment during a 30-day period, December 17, 2022 through January 17, 2023. The City posted the public notice and the Amendment to the 2022 Action Plan document on the City's website for public input and comment.*

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

#### Anticipated Resources

			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
<b>CDBG</b>	<b>Public-Federal</b>	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	<b>\$628,585</b>	<b>\$104,364.42</b>	<b>\$655,197.97</b>	<b>\$1,388,147.39</b>	<b>\$1,280,000</b>	Expected amount available remainder of Con Plan based on \$640,000 annual allocation for 2 years.

Table 5 - Expected Resources – Priority Table

#### Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG funds may not be sufficient to fully fund activities undertaken and are leveraged with a variety of Federal, State funds, charitable organizations and private donations. The CDBG funds do not require matching funds.

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

The regional Housing Authority (RHA) manages the City's Homes2Families (H2F) and Neighborhood Stabilization properties (NSP). These properties are owned by the City and are used for affordable rental units based on California's Department of Housing and Community Development guidelines. There are currently seventeen (17) NSP properties and nine (9) H2F properties.

**Discussion**

The City operates the Owner-Occupied Housing Rehabilitation Program, (Housing Rehabilitation Program). The amount and availability of funds for this Program cannot be predicted due HUD funding constraints and the unknown amount of Program Income that will be received. Program Income is generated by past loans being paid off and the proceeds deposited into the Housing Rehabilitation Program activity

The City will aggressively pursue, or support applications by other entities for, Federal and State funding over the 2022 Program Year to address priority needs; however, other funding sources available to the City or its partners will be through a competitive application process. The City cannot be assured an application(s) will be successful based on the rating and ranking criteria. Due to limited funding availability, the City will struggle to meet future matching requirements should the City be successful in applying for other Federal or State funding sources and matching funds be required.

## Projects

### AP-35 Projects – 91.220(d)

#### Introduction

The activities recommended for funding for the 2022 PY are consistent with the priority needs identified in the Strategic Plan. Lack of funding is the greatest obstacle to addressing underserved needs. The City has \$628,585 in CDBG funds available for the PY. In addition, a total of \$145,416.43 of unexpended CDBG funds from 2019 – 2021 Program Years will be used to fund the proposed programs and projects for the 2022 Program Year.

12	City of Yuba City Fire Department - Fire Station 1 Improvements; LMA, 3 – Public Facilities and Improvements (General)

**Table 7 - Project Information**

#### **Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

The City received \$1,521,798 in funding requests. In addition, the City is limited on the amount of funds that can be spent on Public Services and Program Administration & Planning in accordance to HUD regulations. As a result, the City is limited from spending more than 15% of its annual allocation, plus Program Income, on Public Service activities; therefore, some activities are not funded completely and some are partially funded based on the amount requested.

## **AP-50 Geographic Distribution – 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

In general, the City will allocate investment of resources on a city-wide basis. The City will allocate a portion of its funding to the Qualified Low/Mod Census Tracts.

#### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Citywide	<b>27</b>
Qualified Low/Mod Census Tracts	<b>54</b>

**Table 8 - Geographic Distribution**

#### **Rationale for the priorities for allocating investments geographically**

The City allocates the majority of funding on a city-wide basis; however, the distribution of funding is predicated somewhat on the nature of the activity to be funded. Resources targeted to new construction and preservation of existing housing will be allocated on a city-wide basis.

#### **Discussion:**

Resources targeted to special needs populations, including homeless, will also be allocated on a city-wide basis, where needs are identified and/or where resources can be coordinated with existing facilities and services.

Activities such as public facilities and improvements will be targeted to areas identified as Qualified Low/Mod Census Tracts; these are those older, low-income neighborhoods within the City most in need of assistance.

## Affordable Housing

### AP-55 Affordable Housing – 91.220(g)

#### Introduction

Goals contained in the City’s 2020 Consolidated Plan are to increase the supply of affordable housing through Housing Rehabilitation and construction of new affordable housing units during the five-year period covered by the Consolidated Plan. The City will support both public and private agencies as well as non-profit and for-profit housing developers in their efforts to increase the supply of affordable housing to homeless, non-homeless and special needs populations.

#### Discussion

The housing units and households anticipated to be assisted during the 2022 Program Year will be provide by the following Housing Programs: FREED Minor Home Modification/Repairs and Habitat for Humanity’s Exterior Home Repairs.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

The purpose of this section is to outline actions the City will take to address the needs of Public Housing. The City does not own or operate Public Housing or have any oversight over the operation of the Regional Housing Authority (RHA); therefore, the City will act to continue its efforts to maintain a close working relationship with the RHA supporting their actions to address the needs of Public Housing.

### **Actions planned during the next year to address the needs to public housing**

As noted above, the City does not own or operate any Public Housing in the City; the RHA serves the City. During the 2022 Program Year, the City will continue its close working relationship with the RHA to expand housing opportunities for the City's residents. Funding from the Permanent Local Housing Allocation grant is being looked at by the City and the RHA to be used for Public Housing needs.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

Since the City does not own or operate Public Housing or have oversight over RHA operations, there are no actions directed specifically to Public Housing tenants. The City aims to reach out to all residents when advertising the housing loan programs such as the First-Time Homebuyers Down Payment Assistance and Owner-Occupied Housing Rehabilitation.

### **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

The RHA is not designated as troubled.

### **Discussion**

The RHA and the City have and continue to have a close working relationship where funding opportunities that the City has are shared with the RHA in collaboration to work to address the housing needs of the City. The City and the RHA work together on maintenance of existing Public Housing; the City is committed to remove barriers to developing additional permanent and Public Housing options.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

This section identifies the actions the City will take during the 2022 Program Year, (2022 PY), to address homelessness. The City's goals are to address chronic homelessness by assisting Transitional Housing Programs that provide on-going supportive services such as case management, education and job training to help ensure that people do not return to homelessness. The City will also provide assistance to homeless persons and low-income families at risk of becoming homeless.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The City works in partnership with the Sutter-Yuba Homeless Consortium (SYHC) to address homelessness. Annually the SYHC conducts a Point-in-Time (PIT) count. The PIT provides valuable information, including demographic and living situation information that allows service providers and the community to better identify and evaluate the homeless population and their needs. During the 2022 PY the City will provide CDBG funds to the SYHC and its efforts to address homeless needs.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

During the 2022 PY the City will allocate a portion of CDBG funds under the Public Service Category to organizations that provide emergency shelter and transitional housing services to the homeless. The City will provide CDBG funding to the SYHC who is acting as the lead agency for all six (6) non-profit agencies to address the needs and provide services to the homeless population. Funding for two of the service providers are for the Sutter County Homeless Shelter for day-to-day operational services and to Hands of Hope for that provides showers, laundry facilities, clothes closet, computer access as well as referral and advocacy services.

#### **Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The City will provide CDBG funding for several organizations that serve the homeless, including families with children and veterans. In conjunction with the SYHC, organizations that will be assisted during the 2022 PY are: 1) Bridges to Housing – provides financial assistance to homeless or at-risk individuals who are in need of deposit and rental assistance. They will also provide assistance to help pay for past due

rent and utilities as well as referrals, case management and on-going support to ensure they do not become homeless again. 2) Central Valley Homeless Veterans Assistance Program – provides financial assistance to low-income veterans in order to obtain emergency, transitional and permanent housing, as well as helping at-risk veterans maintain their permanent housing stability. This agency also provides financial assistance to extremely low-moderate income veterans for utility payments, if no other options are available, to help maintain the veteran's housing in a habitable condition. 3) Hands of Hope – assists with the operation of the Coordinated Entry System (CES) that allows fair and equal access to housing and supportive services. 4) The Salvation Army – provides rental assistance and supportive services to homeless individuals and households in the community. This program provides financial assistance in the following ways: application fees, moving expenses, monthly rental assistance, utility assistance, rental deposits, and storage fees. 5) Regional Emergency Shelter Team (REST) – provides seasonal emergency shelter to individuals and families experiencing homelessness in Yuba City; the Emergency Winter Shelter operates each year from late November to early April. This program provides shelter, meals, case management, and other supportive services.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

The City's efforts during the 2022 PY to prevent homelessness will include Affordable Housing Programs that maintain the existing affordable housing stock or increase the number of affordable housing units available to low-income households. As noted above, the City will also support housing programs that address the underlying reasons for homelessness and provide on-going support services for formerly homeless families and programs that provide assistance to low-income families at risk of becoming homeless, such as the Bridges to Housing Program.

## **Discussion**

In addition to resources available to and controlled by the City, organizations within the community for which their mission is to provide services to the homeless may receive funds from a variety of federal, state and local sources. These funding sources include Emergency Solutions Grant (ESG), California Emergency Solutions and Housing (CESH), Homeless Emergency Aid Program, (HEAP), Community Services Block Grant (CSBG), Homeless Housing and Prevention Program (HHAP) and Continuum of Care Program Competition, as well as charitable organizations and private donations. Throughout the 2022PY the City will work closely and support the efforts of the SYHC to address the housing and supportive needs of the homeless.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

The most significant barrier to affordable housing in the City of Yuba City is the Lack of affordable housing due to the housing market influencing rising rents, due in part to the cost of development, which outpaces the ability for residents to access housing. Where affordable rental housing is available, standards to secure housing continue to make housing inaccessible for some low- and extremely low-income households. The City targets housing resources, including entitlement CDBG and State of California HOME and PLHA funds, to the creation of affordable rental units, preservation of existing affordable rental units and owned homes, and permanent supportive housing for low-income and very low-income households.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The City's 2021-2029 Housing Element was recently certified and this Housing Element provides a detailed analysis of potential barriers to affordable housing development, including local, State and Federal governmental constraints, market constraints and environmental constraints. This updated Housing Element incorporated community outreach regarding fair housing issues from the 2020-2024 Consolidated Plan and Analysis of Impediments (2020) and allowed the City to reach members across all socioeconomic segments. The following provides a summary of discussion contained in the City's Housing Element:

#### **Governmental Constraints:**

Governmental constraints include the regulatory functions that are basic to the role of local government; however, there is much debate about whether or not these regulations discourage the availability of housing to people of all income levels.

#### **Land Use Regulations:**

The land use categories contained in the City's General Plan, (Low Density Residential, Medium Density Residential and High Density Residential), provide for residential grown at various density levels.

Zoning requirements for setbacks, lot coverage and parking are not perceived as a constraint to housing development in the City.

#### **Permits and Fees:**

The 2021-2029 Housing Element concludes that permits and fees in the City may be high in comparison to other jurisdictions in the region and could represent a constraint to housing development.

**Infrastructure:**

The provision of on-site improvements, such as streets, curbs, gutters, sidewalks, landscaping, water and sewer are standard conditions of approval. In many cases, off-site improvements and/or mitigations may also be required to accommodate development. These off-site improvements might include street widening, traffic signals, public utility easements, flood control improvements. Both on-site and off-site improvements are incorporated into the total project costs discussed under Market Constraints below.

**Development Review Process:**

The City's development review guidelines work to ensure a streamlined project review process and ensure fairness and consistency in the development review process. The City's development and design review processes are not perceived as a barrier to development.

**Building Code and Enforcement:**

The City's building codes represent basic construction standards within the State of California and thus do not place an undue burden on the construction or rehabilitation of affordable housing; however, stakeholders expressed that incomplete code enforcement may exacerbate issues that low-income individuals may face. (i.e. when code enforcement does not adequately follow up on housing condition violations result in tenants or owners being displaced due to cost of repairs.)

**Reasonable Accommodation and Housing for Persons with Disabilities:**

In accordance with California State SB 520, the Housing Element analyzes potential and actual government constraints specifically on development of housing for persons with disabilities. The Americans with Disabilities Act (ADA) is supported at the State and local level. The City follows State codes, which are more restrictive than Federal codes.

In conformance with the passage of SB 520, the City has evaluated its zoning code, building code, and permit processing procedures for compliance with ADA guidelines. Using the SB 520 Analysis Tool, staff found no significant barriers to the development, maintenance and improvement of housing for persons with disabilities. Answers to the questions contained in the Analysis Tool are kept on file and will be periodically updated as required.

The 2021-2029 Housing Element commits to passing a reasonable accommodation ordinance to develop a procedure for requesting reasonable accommodation in the application of zoning laws and other land use regulations, policies and procedures for persons with disabilities seeking

equal access to housing.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

Consistent with the 2021-2029 Housing Element, Housing Program Schedule, the City is addressing the following policies that may act as barriers to the development of affordable housing.

**Conservation of Existing Housing**

Continue to enforce City building, fire, health, and zoning codes to remedy existing pockets of blight and deterioration to conserve and improve the condition of existing affordable housing stock in coordination with rehabilitation and other infrastructure improvement programs. The City will collaborate with the Housing Authority to target efforts in the rehabilitation assistance programs throughout the City, with a focus on ensuring equal access to the programs across all socioeconomic groups. The City will provide marketing materials in languages other than English, as needed. The City will create a program to prevent displacement and mitigate relocation impacts as a result of code enforcement activities.

- **Accessory Dwelling Units.** - Continue the City's policy that allows for accessory dwelling units (ADUs) within single-family residential neighborhoods by reducing lot coverage requirements and allowing for tandem parking when setback requirements are met. In addition, the zoning code will be amended to allow ADUs and Junior ADUs (JADUs) in all residential zones (R-1, R-2, and R-3), in accordance with Assembly Bill (AB) 2299 and Senate Bill (SB) 1069.
- **Facilitate a Variety of Housing Types.** – The City will continue to ensure that zoning standards and development requirements facilitate the construction of a diversity of housing types, including apartment complexes, group housing, and townhomes to meet the needs of all households and income levels.
- 
- **Infrastructure Provision and Financing.** – Minimize infrastructure costs for residential development by identifying infrastructure needs and available sources of funding for infrastructure improvements.
- 
- **Density Bonus.** – The City will codify the City's density bonus ordinance in compliance with the state's density bonus law (Government Code Section 65915, as revised) and will continue to offer specific incentives for the development of individual or group-care housing affordable to seniors and special-needs population through City-specific density bonuses, reduced parking requirements, and development fee reductions for projects in infill locations.
- **Partner with Housing Advocates.** – Continue and expand, where feasible, partnerships with for-profit or nonprofit housing organizations, including the Regional Housing Authority, to provide

affordable housing. Consider contracting with additional organizations to provide housing services and information for special-needs groups within the City.

- **Farmworker Housing.** – Continue to work with Sutter County, the farm industry, and neighborhoods where housing projects are proposed to facilitate the provision of farmworker housing. Assist in meeting the housing needs of farmworkers in and around Yuba City.
  
- **Facilitate Construction of Special-Needs Housing.** – The City will remove barriers for special-needs groups by amending the zoning code to address the following:
  - 
  - Transitional and Supportive Housing
  - Reasonable Accommodation
  - Employee Housing
  - Single-Room Occupancy Units
  - Low-Barrier Navigation Centers
  
- **Residential Care Facilities.** – Continue to offer specific incentives for development of individual or group-care housing affordable to the City’s senior and special-needs populations through City-specific density bonuses (in addition to state requirements), reduced parking requirements, and development fee reductions for projects at infill localities.
  
- **Housing for Special Needs Groups.** – The City will work with housing providers to ensure that special housing needs and the needs of lower-income households are addressed for seniors, large families, female-headed households, female-headed households with children, persons with disabilities and developmental disabilities, extremely low-income households, and homeless individuals and families.
  
- **Assistance for Persons with Developmental Disabilities.** – The City will work with the Alta California Regional Center to implement an outreach program that informs families within Yuba City about housing and services available for persons with developmental disabilities.
  
- **Affirmatively Furthering Fair Housing.** – Implement the City’s Analysis of Impediments to Fair Housing Choice (AI), adopted in 2020, to address disparities in housing needs and in access to opportunity for all persons regardless of race, color, religion, sex, national origin, familial status, disability, gender, gender identity, gender expression, sexual orientation, marital status, ancestry, veteran or military status, source of income, and genetic information as protected categories by the California Fair Employment and Housing Act (Part 2.8 [commencing with Section 12900] of Division 3 of Title 2), Section 65008, and any other state and federal fair housing and planning law.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

This section addresses the City's planned actions during the 2022 Program Year, (2022 PY), to carry out strategies covered in the Consolidated Plan including, fostering and maintaining affordable housing, evaluation and reduction of lead-based paint hazards, reduce the number of families within the poverty level and develop the institutional structure and enhancing coordination between public and private agencies that serve low-income and special needs populations.

### **Actions planned to address obstacles to meeting underserved needs**

The greatest obstacle to meeting underserved needs in the City is the lack of funding. During the 2022 PY and the duration of the 2020 Con Plan period the City will continue its efforts to identify funding sources, support funding applications by developers and service providers that expand the availability of affordable housing and support applications for homeless assistance and supportive service funds. The City will also implement zoning and land use policies that encourage the development of affordable housing. The City will continue to participate and encourage partnerships between local agencies and organizations so underserved needs may be better met by collaborative use of resources. Additionally, the applications received by the City often do not address some of the greater issues such as acquisition or development of new affordable housing units and economic development activities.

### **Actions planned to foster and maintain affordable housing**

The City will continue to offer and/or provide funding for a range of affordable housing activities including single-family Housing Rehabilitation, multi-family housing rehabilitation and First-time Homebuyer Programs. The City will work in partnership with private developers, local non-profit agencies and the Regional Housing Authority to develop and preserve affordable housing units.

### **Actions planned to reduce lead-based paint hazards**

The City will continue to implement HUD's lead-based paint regulations that became effective in September 2000. Efforts by the City to reduce lead-based paint hazards include the disclosure to homeowners of possible lead hazards, sponsoring certification training for contractors, implementation of lead risk assessment and clearance testing procedures and supervision of lead-related work performed. In addition, the City will continue to adhere to its Housing Rehabilitation Program guidelines that were amended to stipulate the type and amount of assistance provided and define costs covered under the City's lead reduction program.

### **Actions planned to reduce the number of poverty-level families**

The City will continue its efforts to increase the availability of affordable housing opportunities and assist homeless individuals or those who may be at risk of homelessness. In addition, the City will implement land use policies that seek to balance the creation of jobs and housing and ensure a variety of employment

opportunities requiring varying levels of skills and training.

The City will continue its efforts to develop and maintain cooperative relationships with public and private organizations that share a common mission for improving the quality of life for individuals through housing, social services, employment and skills training and economic development.

### **Actions planned to develop institutional structure**

The City's Development Services Department is the City Department responsible for the administration of the City's Housing Programs, including the Community Development Block Grant (CDBG) Program. The Development Services Department also oversees the City's Community Development activities. As an entitlement jurisdiction, the City receives an annual CDBG allocation through the Department of Housing and Urban Development (HUD). Both internal City Departments and external Sub-Recipient agencies implement the programs and projects identified in the 2022 Annual Action Plan. The Development Services Department will continue to collaborate with other City Departments, the City Council, City Commissions, as well as local agencies and organizations and residents to develop programs and activities that serve low and moderate-income individuals and families within the jurisdiction.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City will continue to meet with and maintain a dialogue with non-profit agencies and organizations that serve low and moderate-income persons. The City will work to enhance and improve the organizational capacity and foster a collective planning process.

The City will continue to work closely with the Regional Housing Authority to develop, preserve and improve the supply of affordable housing in the City.

### **Discussion:**

Although there are coordinated programs and services to address the needs of lower income households and the homeless, it is recognized that many unmet needs will remain.

## Program Specific Requirements

### AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

**Introduction:**

**Community Development Block Grant Program (CDBG)  
Reference 24 CFR 91.220(I)(1)**

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0.00
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	0.00
3. The amount of surplus funds from urban renewal settlements	0.00
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0.00
5. The amount of income from float-funded activities	0.00
Total Program Income	0.00

**Other CDBG Requirements**

1. The amount of urgent need activities	0.00
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit – A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

The Program Income will be used to fund additional housing loans for the above listed programs.
