

Yuba City Goal Setting Workshop
Preliminary Priorities for 2009

I. Flood Control

- a. Increase community awareness of the FEMA Flood Mapping process and potential community impacts.
- b. Identify alternate funding options for levee repairs.

II. Economic Development / Redevelopment

- a. Hire Economic Development Manager.
- b. Implement Economic Development Workplan.
- c. Identify land for job base development (Sphere of Influence).
- d. Advance Feather River Mill site development.

III. Public Safety

- a. Forward the remodel of Fire Station #7.
- b. Provide a long range public safety plan that includes expanded City police service into all annexation areas.
- c. Expand on neighborhood planning to identify and prioritize needs in targeted neighborhoods.
- d. Shift crime reporting to on-line and telephone reporting for minor criminal acts.

IV. Transportation

- a. Identify gateway enhancements and major highway corridor landscaping programs for community beautification.
- b. Forward the widening projects for Franklin Road, Walton Avenue, Lincoln Road, and Garden Highway.
- c. Advance the replacement of the 5th Street Bridge.
- d. Advance capacity of Highway 99 and Highway 20 through Yuba City.

V. Utilities

- a. Assure Yuba City's continued supply of quality surface water.
- b. Identify long-term capital needs of the utility systems and replacement program.
- c. Implement conversion of the Hillcrest Groundwater System to City surface water.

VI. Parks & Recreation

- a. Complete the updated Parks Master Plan.
- b. Forward implementation of the River Park and natural habitat areas adjacent to the Feather River.
- c. Develop active recreational facilities.
- d. Examine year-round operation of the Gauche Aquatic Center.
