**Summary**

**Subject:** Slurry Seal Project 2009 (Notice of Completion)  
**Recommendation:** Adopt a resolution accepting the subject project and authorizing the Public Works Director to file a Notice of Completion.  
**Fiscal Impact:** None

---

**Background:**

On May 19, 2009, Council awarded the Slurry Seal Project 2009 to California Pavement Maintenance Company, Inc., in the amount of their bid of \$290,477.26. With the award, Council identified \$29,047.73 for contingency, resulting in a total project budget of \$319,524.99.

**Analysis:**

All required improvements have been constructed in conformance with the approved plans and specifications. The project was substantially complete on August 14, 2009, which was within the contract time frame. Closeout of the project has been ongoing and all punchlist items have been completed. With Council acceptance of the project, California Pavement Maintenance Company, Inc. will be required to warranty the project for one year. Furthermore, once the Notice of Completion has been filed, the 35-day waiting period for full payment of retention monies will begin.

**Fiscal Impact:**

The accounts for the project have not yet been closed out. The budget amount for construction was \$319,524.99, including a construction contingency of \$29,047. The anticipated final construction cost is approximately \$293,000.

With acceptance of the improvements the City will become responsible for the normal maintenance of the improvements.

**Alternatives:**

Do not accept the improvements.

**Recommendation:**

Adopt a resolution accepting the subject project and authorizing the Public Works Director to file a Notice of Completion.
