2010 Federal Census

City and County staff met with Federal Census Bureau officials on Tuesday afternoon to discuss preparations for the 2010 U.S. Census. The Census Bureau is staffing up for the preliminary work necessary to verify coding and address information and they will need assistance for the data collection at this time. Individuals interested in a part time job with the Census Bureau should call their office at 1-866-861-2010. Information is available at: <http://www.census.gov/2010censusjobs/index.php>. The Bureau representatives indicated this job would start at \$13.00/hour and that this may be a good job opportunity for college students and seniors. Skills needed are basic math, record keeping and organization. There is a 28 question simple test and criminal background review. If enough local individuals apply, the Bureau will hold testing in the Yuba City/Marysville area. It was interesting to note that Sutter County and Northern California is in the Seattle Region and the area offices for the Bureau are in Santa Rosa.
