### **Post Cards from Yuba City**

Nestled in the northern California, Yuba City is the county seat of Sutter County. It is the principal city of the Yuba City Metropolitan Statistical Area which encompasses all of Sutter County and Yuba County. The Yuba City area is 40 minutes north of Sacramento and is part of the Sacramento Valley.

On the cover is the Town Center Fountain, which is a focal point for outdoor gatherings and civic events. The Town Center is also the hub for the area's top of the line medical facilities and is anchored by the Fremont-Rideout Hospitals and Sutter North Medical Group.

Also pictured is the downtown water tower, watching vigilantly over the long awaited downtown Plumas Streetscape renovation. The water tower can be seen from miles around and symbolizes the small town atmosphere of the area even as the City is developing and growing.

Yuba City's western horizon is dominated by the Sutter Buttes, popularly believed to be the smallest mountain range in the world. The Sutter Buttes show up on the map as a small circular bump that contrasts sharply with its flat surroundings in California's Central Valley. The mountains are the remnants of an ancient volcano that has been dormant for over a million years. South Butte, the highest peak is 2,117 feet above sea level.

The rich heritage and history of the area brings a wonderful way of life for the citizens of Yuba City. Yuba City still retains the atmosphere and friendliness of a small town while managing new development and retail.
