

Franklin Avenue Improvements Project Contract No. 18-01

Presentation By:
Benjamin Moody, Interim Assistant Public Works Director

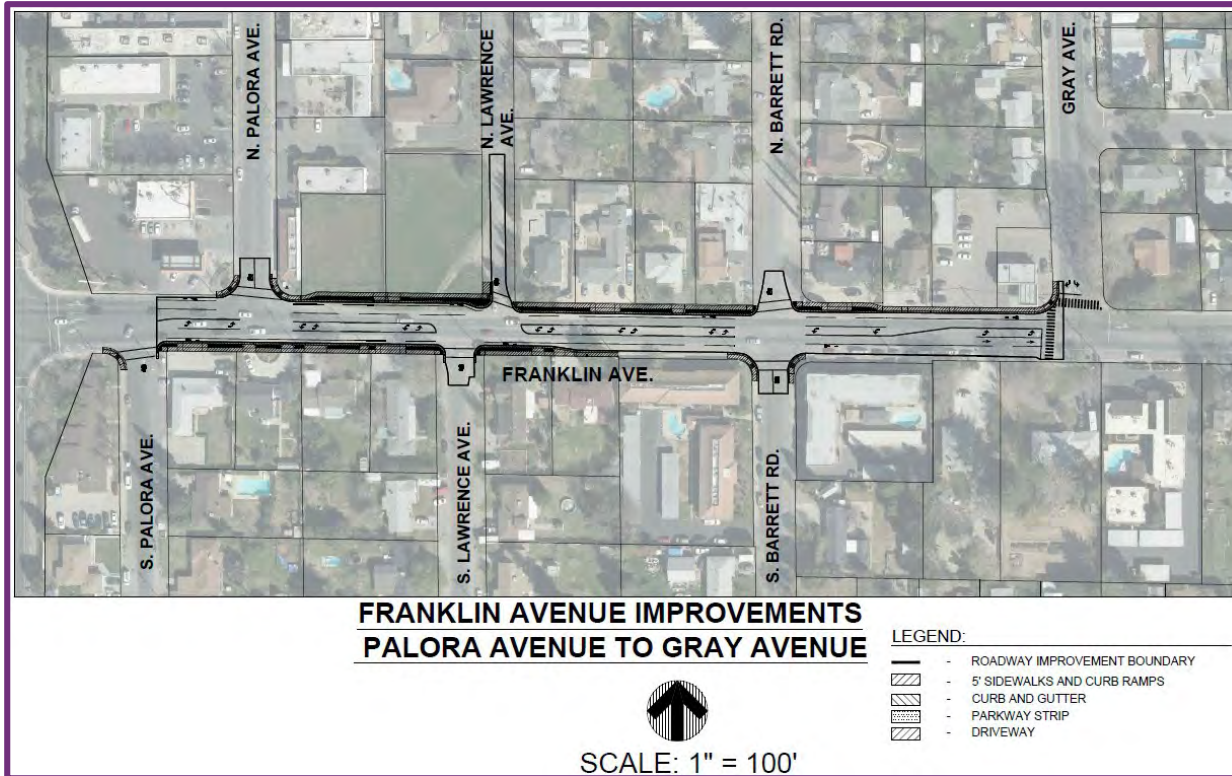

Franklin Avenue Improvements Project – Background

- \$376,200 Congestion Mitigation and Air Quality (CMAQ) Grant
- Franklin Avenue between S. Palora Ave & Gray Ave
- Roadway in poor condition, storm drainage for only a portion of project limits, and pedestrians & bicyclists do not have safe travel area.
- Some residents in project area do not have access to City utility services.
- Project will extend utility service stubs for future connections, install new storm drainage, rehabilitate roadway and widen roadway for bike lanes, parkway strips, and sidewalks.
- Water system modifications to be performed by City Water Distribution Division prior to start of construction.
