

# Discussion and Action on Measures to Mitigate the Impacts of the COVID-19 (Coronavirus) Pandemic

# City Objectives

- Maintain critical core services
- Provide for police, fire, and water and wastewater services at all times
- Identify safety issues for emergency personnel and City employees
- Foster and maintain relationships with all cooperators and stakeholders
- Decrease spread of COVID-19

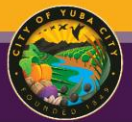

# Cooperation with Local Partners

- Council and staff are engaged, monitoring and responding to current situations as they develop as well as actively planning for the future
- Remain in close communication and coordination with local partners

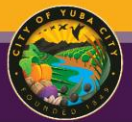

# Department Operations Center (DOC)

- City has created a virtual DOC
  - Situation Reports on an Operational Period
  - Established an internal communication platform
  - Continuity planning for all departments
  - Information gathering and distribution

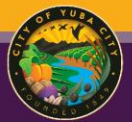

# City Facilities/Programs

- Senior Center closed
- Parks and Recreation programs suspended through April 13
- Fire Administration closed to public
- Fire Stations taking precautions to mitigate risk to first responders
- Police Records – Limited public access
- All non-safety recruitment/selection activity has been suspended until further notice

# City Business

- As the situation progresses, City services will become focused on health and safety functions
