**Fiscal Impact:** \$92,500 to Account No. 100-43409 (OTS Selective Traffic Enforcement Grant) – No City match required.

---

**Purpose:**

Reduce the number of persons killed and injured in traffic collisions.

**Background:**

In January 2020, the Yuba City Police Department submitted a grant application to the Selective Traffic Enforcement Program Grant offered by the California Office of Traffic Safety. In August 2020 the Department received award notification for the grant with authorization to receive funds in the amount of \$92,500. No matching funds are required by the City of Yuba City to accept the grant. This grant runs in accordance with the Federal Fiscal year 10/01/20-09/30/21.

**Analysis:**

For many years, the Department has had a positive working relationship with the California Office of Traffic Safety. Again this year, we were selected for funding to maintain an aggressive stance towards those individuals who continue to operate a motor vehicle in our community while under the influence of alcohol or other drugs. This grant will allow the department to continue to combat impaired drivers in our community. While having an impaired driving portion, this grant also allows for other directed enforcement operations. These operations deploy officers within the City with a primary goal of reducing injury collisions through targeting primary collision factors such as speed and red light enforcement in areas with a high frequency of collisions.

The goal of the grant is to reduce the number of persons killed and injured in traffic collisions. “Best practice” strategies will be conducted on an overtime basis. The funded strategies include

DUI saturation patrols, speed enforcement, and red light and distracted driver enforcement. These strategies are designed to earn media attention thus enhancing the overall deterrent effect. The California Office of Traffic Safety has designed these operations and the funding for them to be done in addition to our daily duties, thus making an additional impact on traffic safety.

In addition to overtime funding, the grant will cover the cost of three new dash mounted RADAR units (\$10,891.00) and \$4,327.00 is designated for six new Preliminary Alcohol Screening devices.

The grant will also fund training and certification for two officers to become a Drug Recognition Expert (DRE). DRE personnel enhance the Department's ability to investigate and assist in prosecution of DUI drug offenders. DUI arrests have risen sharply in recent years and remains a priority for the police department in reducing alcohol and / or drug related collision deaths and injuries.

**Fiscal Impact:**

The City will be reimbursed \$92,500 from the California Office of Traffic Safety. No matching funds are required for this grant. Funds will be drawn down through Account No. 2167-61430 (\$69,544.00) for personnel overtime costs, No. 2167-62801 (\$4,089.00) for travel and training, and No. 2167-63801 (\$18,867.00) for direct costs associated with the grant.

**Alternatives:**

Do not accept the grant and / or direct staff to research alternatives.

**Recommendation**

- A. Adopt a resolution authorizing the Chief of Police to accept \$92,500 in grant funding from the 2020/2021 Selective Traffic Enforcement Program and approve expenditure recommendations
