

CITY OF YUBA CITY
STAFF REPORT

Date: May 18, 2021
To: Honorable Mayor & Members of the City Council
From: Development Services Department
Presentation By: George Barlow, Administrative Analyst

Summary:

Subject: Amended and Restated Resolution to Confirm Participation in the Statewide Community Infrastructure Program (SCIP)

Recommendation: A. Conduct a Public Hearing and after consideration:
B. Adopt the proposed Amended and Restated Resolution making certain findings and authorizing certain matters necessary to participate in the Statewide Community Infrastructure Program (SCIP).

Fiscal Impact: No direct fiscal impacts would result from adopting the proposed Resolution.

Purpose:

Consideration of an Amended and Restated Resolution for the City of Yuba City (the "City") to confirm its participation in the Statewide Community Infrastructure Program (SCIP).

Background:

California Statewide Communities Development Authority (CSCDA) is a joint powers authority sponsored by the League of California Cities and the California State Association of Counties. 530 cities, counties and special districts throughout California are members of CSCDA, including the City. SCIP was instituted by CSCDA in 2002 to allow owners of property in participating cities, counties and special districts to finance the development impact fees that would be payable by property owners upon receiving development entitlements or building permits through pooled special assessment districts program.

SCIP was expanded to include financing of public capital improvements directly in addition to just fees, and has now been further expanded to include community facilities districts (CFDs), as provided for in this Amended and Restated Resolution. Since its inception SCIP has issued over \$800 million in land secured special assessment and CFD bonds for development projects in California.

The City joined SCIP in 2010 and participated in the SCIP 2011A bond series for the New Earth Property Project, funding approximately \$268,000 for off-site infrastructure through a SCIP assessment district.

At this time, Staff is requesting that City Council consider modifications to its original SCIP Resolution (No. 10-031, adopted on May 4, 2010) which will allow for the financing of fees and facilities through the formation of CFDs in addition to the current assessment district program. By adding CFD's, developers can finance a broader range of City fees such as the police, fire, library, general city fee and the housing in-lieu fee.

It will also allow the developer more flexibility in adjusting tax rates by specific product type, assist in forming separate improvement areas when projects need to be phased, and provide for more facilities to be financed similar in type to the fees. SCIP has a pending application for Hooper Ranch by Riverland Homes, which may wish to use the CFD option.

As always, if a property owner chooses to participate, and the City approves the application, the selected public capital improvements, facilities and/or development impact fees owed to the City will be financed by the issuance of tax-exempt bonds by CSCDA. CSCDA will form the district and impose an assessment or special tax, as applicable, on the owner's property to repay the portion of the bonds issued to finance the fees paid with respect to the property (no one developer within the SCIP pool is responsible for the payment related to any other project).

With respect to impact fees, the property owner will either pay the impact fees at the time of permit issuance, and will be reimbursed from the SCIP bond proceeds when the SCIP bonds are issued; or the fees will be funded directly from the proceeds of the SCIP bonds. In both cases the fees are subject to requisition by the City at any time to make authorized fee expenditures, and the City is never at risk for payment of its fees. If improvements or facilities are contemplated, the Amended and Restated Resolution includes a form of acquisition agreement which outlines how the developer will be reimbursed for those improvements as they are certified complete by the City.

The benefits to the property owner include:

- Only property owners who choose to participate in the program will have assessments or special taxes imposed on their property.
- Instead of paying cash for public capital improvements and/or development impact fees, the property owner receives low-cost, long-term tax-exempt financing of those fees, freeing up capital for other purposes.
- The property owner can choose to pay off the assessments or special taxes at any time.
- For home buyers, paying for the costs of public infrastructure through an assessment or special tax is superior to having those costs "rolled" into the cost of the home. Although the tax bill is higher, the amount of the mortgage is smaller, making it easier to qualify. Moreover, because the assessment/special tax financing is at tax-exempt rates, it typically comes at lower cost than mortgage rates.
- Owners of smaller projects, both residential and commercial, can have access to tax-exempt financing of infrastructure. Before the inception of SCIP, only projects large enough to justify the formation of an assessment or community facilities district had access to tax-exempt financing. SCIP can finance projects as low as \$500,000, which would not be economical on a stand-alone basis.

The benefits to the City include:

- As in conventional assessment district and community facilities district financing, the City is not

liable to repay the bonds issued by CSCDA or the assessments or special taxes, as applicable, imposed on the participating properties.

- SCDA handles all district formation, district administration, bond issuance and bond administration functions. A participating city or county can provide tax-exempt financing to property owners through SCIP while committing virtually no staff time to administer the program.
- Providing tax-exempt financing helps participating cities and counties cushion the impact of rising public capital improvements costs and development impact fees on new development. Many developers rely on assessment or CFD financing through SCIP in making the decision to purchase land thereby improving a City's competitive advantage in attracting new development.
- The availability of financing will encourage developers to pull permits and pay fees in larger blocks, giving the participating city or county immediate access to revenues for public infrastructure, rather than receiving a trickle of revenues stretched out over time. As part of the entitlement negotiation process, the possibility of tax-exempt financing of fees can be used to encourage a developer to pay fees up front.
- In some cases, the assessments or special taxes on successful projects can be refinanced through refunding bonds. Savings achieved through refinancing may be directed back to the participating city or county for use on public infrastructure, or lower property taxes subject to applicable federal tax limitations.

Current Action:

The proposed Amended and Restated Resolution authorizes CSCDA to accept applications from owners of property within our planning jurisdiction to apply for tax-exempt financing of public capital improvements and development impact fees through SCIP. It also authorizes CSCDA to form assessment districts and community facilities districts within our City's boundaries, conduct assessment and special tax proceedings and levy assessments and special taxes against the property of participating owners.

The authorization of CSCDA to form assessment districts within the City's boundaries, conduct assessment proceedings, and levy assessments against the property of participating owners previously approved by this City Council would remain in effect. It approves the form of an acquisition agreement, attached to the Amended and Restated Resolution as Exhibit B, to be entered into between the City and the participating property owner/developer, if applicable, to provide the terms and conditions under which financing for public capital improvements will be provided and to establish the procedure for disbursement of bond proceeds to pay for completed facilities. It also authorizes miscellaneous related actions and makes certain findings and determinations required by law.

Alternatives:

Alternatively, the City Council may choose not to adopt the Amended and Restated Resolution to Confirm Participation in SCIP.

Fiscal Impact:

No direct fiscal impacts would result from adopting the proposed Resolution.

Recommendation:

Conduct a Public Hearing and after consideration.

A. Adopt the proposed Amended and Restated Resolution making certain findings and authorizing certain matters necessary to participate in the Statewide Community Infrastructure Program (SCIP).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Yuba City as follows:

Section 1. This Amended and Restated Resolution shall constitute full "local approval," under Section 9 of the Joint Powers Agreement, and under the Authority's Local Goals and Policies (defined below), for the Authority to undertake and conduct proceedings in accordance herewith and under the Mello Roos Act to form CFDs with boundaries that shall be coterminous with the City's official boundaries of record at the time of such proceedings or any portion thereof (the "Proposed Boundaries"), and to authorize a special tax and to issue bonds with respect thereto; provided that the Participating Developers, who shall be the legal owners of such property at the time of formation of the CFD, execute a written consent to the levy of special tax in connection with SCIP by the Authority and execute a ballot in favor of the formation of such CFD and the Mello-Roos Act.

Section 2. The City hereby consents to the conduct of special assessment proceedings by the Authority in connection with SCIP pursuant to the 1913 Act and the issuance of Local Obligations under the 1915 Act on any property within the Proposed Boundaries; provided, that:

- (1) Such proceedings are conducted pursuant to one or more Resolutions of Intention in substantially the form of the ROI; and
- (2) The Participating Developers, who shall be the legal owners of such property at the time of the formation of the Assessment District, execute a written consent to the levy of assessments in connection with SCIP by the Authority and execute an assessment ballot in favor of such assessment in compliance with the requirements of Section 4 of Article XIII of the State Constitution.

Section 3. The Joint Powers Agreement, together with the terms and provisions of this Amended and Restated Resolution, shall together constitute a separate joint community facilities agreement between the City and the Authority under the Mello-Roos Act for each CFD formed. As, without this Amended and Restated Resolution, the Authority has no power to finance City Fees and/or City Improvements (as such terms are defined herein) in proceedings under the Act to form the CFD, adoption by the Commission of the Authority of each Resolution of Intention to form a CFD under the Mello-Roos Act to finance City Fees and City Improvements shall constitute acceptance of the terms hereof by the Authority with respect to such CFD.

Section 4. This Amended and Restated Resolution and the agreement it embodies are determined to be beneficial to the residents/customers of the City and are in the best interests of the residents of the City, and of the future residents of the area within the proposed CFDs and Assessment Districts. The City hereby finds and declares that the issuance of revenue bonds by the Authority to purchase Local Obligations in connection with SCIP will provide significant public benefits, including without limitation, savings in effective interest rate, bond preparation, bond underwriting and bond issuance costs, and the more efficient delivery of local agency services to residential and commercial development within the City.

Section 5. The Authority has adopted Local Goals and Policies as required by Section 53312.7 of the Mello-Roos Act. The City approves the use of those Local Goals and Policies in connection with the formation of CFDs. The City hereby agrees that the Authority may act in lieu of the City under those Local Goals and Policies in forming and administering the CFDs.

Section 6. The Authority has prepared and will update from time to time the "SCIP Manual of Procedures" (the "Manual"), and the City will handle Fee revenues and funds for Improvements for properties participating in SCIP in accordance with the procedures set forth in the Manual.

Section 7. Pursuant to the Mello-Roos Act and this Amended and Restated Resolution, the Authority may conduct proceedings under the Mello-Roos Act to form the CFDs and to have such CFDs authorize the financing of any or all of the facilities and Fees set forth on Exhibit C, attached hereto. All of the facilities, whether to be financed directly or through Fees, shall be facilities that have an expected useful life of five years or longer and are facilities that the City or other local public agencies, as the case may be, are authorized by law to construct, own or operate, or to which they may contribute revenue. Exhibit C may be modified from time to time by written agreement between an authorized representative of the Authority and of the City. The facilities are referred to herein as the "Improvements," and the Improvements to be owned by the City are referred to as the "City Improvements." The Fees paid or to be paid to the City are referred to as the "City Fees."

Section 8. For Fees paid or to be paid to another agency by any particular CFD (an "Other Local Agency"), the Authority will obtain the written consent of that Other Local Agency before issuing Local Obligations to fund such Fees, as required by the Mello-Roos Act. For the Improvements to be owned by an Other Local Agency, the Authority will separately identify them in its proceedings, and will enter into a joint community facilities agreement with such Other Local Agency prior to issuing Local Obligations to finance such Improvements, as required by the Mello-Roos Act. Each joint community facilities agreement with each Other Local Agency will contain a provision that the Other Local Agency will provide indemnification to the City to the same extent that the City provides indemnification to the Other Local Agency under the terms of this Amended and Restated Resolution.

Section 9. At the time of formation of each CFD, the City will certify to the Commission of the Authority that all of the City Improvements including the improvements to be constructed or acquired with the proceeds of City Fees to be funded by such CFD are necessary to meet increased demands placed upon the City as a result of development occurring or expected to occur within the proposed CFDs in the form attached hereto as Exhibit D. Any appropriate officer or staff of the City is authorized to execute and deliver such certificate in substantially the form attached hereto as Exhibit D, with such changes as such signatory shall approve. Joint

community facilities agreements with other local agencies will each contain a requirement that each Other Local Agency will make identical certification in connection with respect to the Improvements to be owned by, and Fees paid or to be paid to, such Other Local Agency equivalent to that made by the City in this paragraph.

Section 10. The Authority will apply the special tax collections initially as required by the documents under which any Local Obligations are issued; and thereafter, to the extent not provided in the Local Obligations documents, may pay its own reasonable administrative costs incurred in the administration of the CFDs. The Authority will remit any special tax revenues from any particular CFD remaining after the final retirement of all related Local Obligations to the City and to the other local agencies in the proportions specified in the Authority's proceedings. The City will apply any such special tax revenues it receives for authorized City Improvements or City Fees and its own administrative costs only as permitted by the Mello-Roos Act. The joint community facilities agreements with each Other Local Agency must require the Other Local Agency to apply the special tax revenues they receive for their authorized Improvements and Fees under the CFDs and for their own related administrative costs only as permitted by the Mello-Roos Act.

Section 11. The Authority will administer the CFDs, including employing and paying all consultants, annually levying the special tax and all aspects of paying and administering the Local Obligations, and complying with all State and Federal requirements appertaining to the proceedings, including the requirements of the United States Internal Revenue Code. The City will cooperate fully with the Authority in respect of the requirements of the Internal Revenue Code and to the extent information is required of the City to enable the Authority to perform its disclosure and continuing disclosure obligations with respect to the Local Obligations and any revenue bonds, although the City will not participate in nor be considered to be a participant in the proceedings respecting the CFDs (other than as a party to the agreement embodied by this Amended and Restated Resolution) nor will the City be or be considered to be an issuer of the Local Obligations nor any revenue bonds. The Authority is required to obtain a provision equivalent to this paragraph in all joint community facilities agreements with each Other Local Agency.

Section 12. In the event the Authority completes issuance and sale of Local Obligations, and Local Obligation proceeds become available to finance the Improvements, the Authority shall establish and maintain a special fund for each development project (the "Acquisition and Construction Fund"). The portion of Local Obligation proceeds which is intended to be utilized to finance the Improvements and Fees shall be deposited in the Acquisition and Construction Fund. The Acquisition and Construction Fund will be available both for City Improvements and City Fees and for the Improvements and Fees pertaining to each Other Local Agency. Subaccounts shall be created as necessary.

Section 13. As respects the Authority and each Other Local Agency, the City agrees to fully administer, and to take full governmental responsibility for, the construction or acquisition of the City Improvements and for the administration and expenditure of the City Fees including but not limited to environmental review, approval of plans and specifications, bid requirements, performance and payment bond requirements, insurance requirements, contract and construction administration, staking, inspection, acquisition of necessary property interests in real or personal property, the holding back and administration of retention payments, punch list administration, and the Authority and each Other Local Agency shall have no responsibility in that regard. The City reserves the right, as respects each Participating Developer, to require the Participating Developer to contract with the City to assume any portion or all of this

responsibility. The Authority is required to obtain provisions equivalent to this paragraph in the joint community facilities agreement with each Other Local Agency.

Section 14. The City agrees to indemnify and to hold the Authority, its other members, and its other members' officers, agents and employees, and each Other Local Agency and their officers, agents and employees (collectively, the "Indemnified Parties") harmless from any and all claims, suits and damages (including costs and reasonable attorneys' fees) arising out of the design, engineering, construction and installation of the City Improvements and the improvements to be financed or acquired with the City Fees. The City reserves the right, as respects each Participating Developer, to require the Participating Developer to assume by contract with the City any portion or all of this responsibility. The Authority is required to obtain a provision equivalent to this paragraph in all joint community facilities agreements with each Other Local Agency naming the City and its officers, agents and employees as Indemnified Parties with respect to each Other Local Agency's respective Improvements and the improvements to be constructed or acquired with each Other Local Agency's Fees.

Section 15. As respects the Authority and each Other Local Agency, the City agrees – once the City Improvements are constructed according to the approved plans and specifications, and the City and the Participating Developer have put in place their agreed arrangements for the funding of maintenance of the City Improvements – to accept ownership of the City Improvements, to take maintenance responsibility for the City Improvements, and to indemnify and hold harmless the Indemnified Parties to the extent provided in the preceding paragraph from any and all claims, etc., arising out of the use and maintenance of the City Improvements. The City reserves the right, as respects the Participating Developer, to require the Participating Developer by contract with the City to assume any portion or all of this responsibility. The Authority is required to obtain a provision equivalent to this paragraph in all joint community facilities agreements with each Other Local Agency naming the City and its officers, agents and employees as Indemnified Parties.

Section 16. The City acknowledges the requirement of the Mello-Roos Act that if the City Improvements are not completed prior to the adoption by the Commission of the Authority of the Resolution of Formation of the CFD for each respective development project, the City Improvements must be constructed as if they had been constructed under the direction and supervision, or under the authority of, the City. The City acknowledges that this means all City Improvements must be constructed under contracts that require the payment of prevailing wages as required by Section 1720 and following of the Labor Code of the State of California. The Authority makes no representation that this requirement is the only applicable legal requirement in this regard. The City reserves the right, as respects the Participating Developer, to assign appropriate responsibility for compliance with this paragraph to the Participating Developer.

Section 17. The form of the Acquisition Agreement attached hereto as Exhibit B is hereby approved, and the [Mayor] or such officer's designee (the "Authorized Officer") is authorized to execute, and deliver to the Participating Developer, the Acquisition Agreement on behalf of the City in substantially that form, with such changes as shall be approved by the Authorized Officer after consultation with the City Attorney and the Authority's bond counsel, such approval to be conclusively evidenced by the execution and delivery thereof.

Section 18. After completion of the City Improvements and appropriate arrangements for the maintenance of the City Improvements, or any discrete portion thereof as provided in Section 53313.51 of the Mello-Roos Act and in the Acquisition Agreement, to the satisfaction of

the City, and in conjunction with the City's acceptance thereof, acquisition of the City Improvements shall be undertaken as provided in the Acquisition Agreement.

Section 19. The City hereby consents to the formation of the CFDs in accordance with this Amended and Restated Resolution and consents to the assumption of jurisdiction by the Authority for the proceedings respecting the CFDs with the understanding that the Authority will hereafter take each and every step required for or suitable for consummation of the proceedings, the levy, collection and enforcement of the special tax, and the issuance, sale, delivery and administration of the Local Obligations, all at no cost to the City and without binding or obligating the City's general fund or taxing authority.

Section 20. The terms of the Agreement embodied by this Amended and Restated Resolution may be amended by a writing duly authorized, executed and delivered by the City and the Authority, except that no amendment may be made after the issuance of the Local Obligations by the Authority that would be detrimental to the interests of the bondholders without complying with all of the bondholder consent provisions for the amendment of the bond resolutions, bond indentures or like instruments governing the issuance, delivery and administration of all outstanding Local Obligations.

Section 21. Except to the extent of the indemnifications extended to each Other Local Agency in the Agreement embodied by this Amended and Restated Resolution, and the City's agreement to take responsibility for and ownership of the City Improvements, no person or entity, including the Participating Developer, shall be deemed to be a third party beneficiary of this Amended and Restated Resolution, and nothing in this Amended and Restated Resolution (either express or implied) is intended to confer upon any person or entity other than the Authority and the City (and their respective successors and assigns) any rights, remedies, obligations or liabilities under or by reason of this Amended and Restated Resolution.

Section 22. The City shall be identified as a third-party beneficiary of all joint community facilities agreements between the Authority and each Other Local Agency to the extent of the indemnification provisions and the provisions whereby each Other Local Agency agrees to take responsibility for and ownership of their Improvements.

Section 23. The appropriate officials and staff of the City are hereby authorized and directed to make SCIP applications available to all property owners who are subject to Fees for new development within the City and/or who are conditioned to install Improvements and to inform such owners of their option to participate in SCIP; provided, that the Authority shall be responsible for providing such applications and related materials at its own expense. The staff persons listed on the attached Exhibit E, together with any other staff persons chosen by the City Manager from time to time, are hereby designated as the contact persons for the Authority in connection with SCIP.

Section 24. The appropriate officials and staff of the City are hereby authorized and directed to execute and deliver such closing certificates, requisitions, agreements and related documents, including but not limited to such documents as may be required by bond counsel in connection with the participation in SCIP of any districts, authorities or other third-party entities entitled to own Improvements and/or to levy and collect fees on new development to pay for public capital improvements within the jurisdiction of the City, as are reasonably required by the Authority in accordance with the Manual to implement SCIP and to evidence compliance with the requirements of federal and state law in connection with the issuance by the Authority of the

Local Obligations and any other bonds for SCIP. To that end, and pursuant to Treasury Regulations Section 1.150-2, the staff persons listed on Exhibit E, or other staff person acting in the same capacity for the City with respect to SCIP, are hereby authorized and designated to declare the official intent of the City with respect to the public capital improvements to be paid or reimbursed through participation in SCIP.

Section 25. This Amended and Restated Resolution shall take effect immediately upon its adoption. The City Clerk of the City of Yuba City is hereby authorized and directed to transmit a certified copy of this Amended and Restated Resolution to the Secretary of the Authority. This Amended and Restated Resolution shall remain in force with respect to any Assessment District and CFD formed until all Local Obligations have been retired and the authority to levy the special tax conferred by any CFD proceedings and to levy the assessment conferred by any assessment proceedings has ended or is otherwise terminated. The Original Resolution shall remain in force with respect to any Assessment District formed pursuant to its authority until all Local Obligations have been retired and the authority to levy the assessment conferred by any assessment proceedings carried out pursuant to the Original Resolution has ended or is otherwise terminated.

The foregoing Resolution was duly and regularly introduced, passed, and adopted by the City Council of the City of Yuba City at a regular meeting thereof held on the 18th day of May, 2021.

The Commission has designated a registered, professional engineer as Engineer of Work for this project, and hereby directs said firm to prepare the report containing the matters required by Sections 2961(b) and 10204 of the Code, as supplemented by Section 4 of Article XIID of the California Constitution.

Section 4. The proposed boundary map of the Assessment District is hereby approved and adopted. Pursuant to Section 3111 of the Code, the Secretary of the Authority is directed to file a copy of the map in the office of the County Recorder of the [County of _____] within fifteen (15) days of the adoption of this resolution.

Section 5. The Commission determines that the cost of financing the Improvements and/or the payment of the Improvement Fees shall be specially assessed against the lots, pieces or parcels of land within the Assessment District benefiting from the financing of the Improvements and/or the payment of the Improvement Fees. The Commission intends to levy a special assessment upon such lots, pieces or parcels in accordance with the special benefit to be received by each such lot, piece or parcel of land, respectively, from the financing of the Improvements and/or the payment of the Improvement Fees.

Section 6. The Commission intends, pursuant to subparagraph (f) of Section 10204 of the Code, to provide for an annual assessment upon each of the parcels of land in the proposed Assessment District to pay various costs and expenses incurred from time to time by the Authority and not otherwise reimbursed to the Authority which result from the administration and collection of assessment installments or from the administration or registration of the improvement bonds and the various funds and accounts pertaining thereto.

Section 7. Bonds representing unpaid assessments, and bearing interest at a rate not to exceed twelve percent (12%) per annum, will be issued in the manner provided by the Improvement Bond Act of 1915 (Division 10 of the Code), and the last installment of the bonds shall mature not to exceed twenty-nine (29) years from the second day of September next succeeding twelve (12) months from their date.

Section 8. The procedure for the collection of assessments and advance retirement of bonds under the Improvement Bond Act of 1915 shall be as provided in Part 11.1 thereof.

Section 9. Neither the Authority nor any member agency thereof will obligate itself to advance available funds from its or their own funds or otherwise to cure any deficiency which may occur in the bond redemption fund. A determination not to obligate itself shall not prevent the Authority or any such member agency from, in its sole discretion, so advancing funds.

Section 10. The amount of any surplus remaining in the improvement fund after acquisition of the Improvements and/or payment of Improvement Fees and all other claims shall be distributed in accordance with the provisions of Section 10427.1 of the Code.

Section 11. To the extent any Improvement Fees are paid to the Authority in cash with respect to property within the proposed Assessment District prior to the date of issuance of the bonds, the amounts so paid shall be reimbursed from the proceeds of the bonds to the property owner or developer that made the payment.

ARTICLE II

DESIGN, CONSTRUCTION AND ACQUISITION OF ACQUISITION IMPROVEMENTS

Section 2.01. Letting and Administering Design Contracts. The parties presently anticipate that the Developer has awarded and administered or will award and administer engineering design contracts for the Acquisition Improvements to be acquired from Developer. All eligible expenditures of the Developer for design engineering and related costs in connection with the Acquisition Improvements (whether as an advance to the Local Agency or directly to the design consultant) shall be reimbursed at the time of acquisition of such Acquisition Improvements. The Developer shall be entitled to reimbursement for any design costs of the Acquisition Improvements only out of the Acquisition Price as provided in Section 2.03 and shall not be entitled to any payment for design costs independent of or prior to the acquisition of Acquisition Improvements.

Section 2.02. Letting and Administration of Construction Contracts; Indemnification. State law requires that all Acquisition Improvements not completed prior to the formation of the District shall be constructed as if they were constructed under the direction and supervision, or under the authority, of the [Local Agency]. In order to assure compliance with those provisions, except for any contracts entered into prior to the date hereof, Developer agrees to comply with the requirements set forth in Exhibit C hereto with respect to the bidding and contracting for the construction of the Acquisition Improvements. The Developer agrees that all the contracts shall call for payment of prevailing wages as required by the Labor Code of the State of California. The Developer's indemnification obligation set forth in Section 3.01 of this Agreement shall also apply to any alleged failure to comply with the requirements of this Section, and/or applicable State laws regarding public contracting and prevailing wages.

Section 2.03. Sale of Acquisition Improvements. The Developer agrees to sell to the [Local Agency] each Acquisition Improvement to be constructed by Developer (including any rights-of-way or other easements necessary for the Acquisition Improvements, to the extent not already publicly owned), when the Acquisition Improvement is has been constructed and is complete to the satisfaction of the Local Agency for an amount not to exceed the lesser of (i) the Available Amount or (ii) the Actual Cost of the Acquisition Improvement. Exhibit A, attached hereto and incorporated herein, contains a list of the Acquisition Improvements. Portions of an Acquisition Improvement eligible for Installment Payments prior to completion of the entire Acquisition Improvement are described as eligible, discrete and usable portions in Exhibit A (each, an "Eligible Portion"). At the time of completion of each Acquisition Improvement, or Eligible Portion thereof, the Developer shall deliver to the Local Agency Engineer a written request for acquisition, accompanied by an Actual Cost Certificate, and by executed Title Documents for the transfer of the Acquisition Improvement where necessary. In the event that the Local Agency Engineer finds that the supporting paperwork submitted by the Developer fails to demonstrate the required relationship between the subject Actual Cost and eligible work, the Local Agency Engineer shall advise the Developer that the determination of the Actual Cost (or the ineligible portion thereof) has been disallowed and shall request further documentation from the Developer. If the further documentation is still not adequate, the Local Agency Engineer may revise the Actual Cost Certificate to delete any disallowed items and the determination shall be final and conclusive.

Certain soft costs for the Acquisition Improvements, such as civil engineering, may have been incurred pursuant to single contracts that include work relating also to the private portions of the Project. In those instances, the total costs under such contracts will be allocated to each Acquisition Improvement as approved by the Local Agency Engineer. Where a specific contract has been awarded for design or engineering work relating solely to an Acquisition Improvement, one hundred percent (100%) of the costs under the contract will be allocated to that Acquisition Improvement. Amounts allocated to an Acquisition Improvement will be further allocated among the Eligible Portions of that Acquisition Improvement, if any, in the same proportion as the amount to be reimbursed for hard costs for each Eligible Portion bears to the amount to be reimbursed for hard costs for the entire Acquisition Improvement. Costs will be allocated to each Acquisition Improvement as approved by the Local Agency Engineer. The costs of certain environmental mitigation required to mitigate impacts of the public and private portions of the Project will be allocated to each Acquisition Improvement as approved by the Local Agency Engineer.

In the event that the Actual Cost is in excess of the Available Amount, the Local Agency shall withdraw the Available Amount from the Acquisition Account and transfer said amount to the Developer. In the event that the Actual Cost is less than the Available Amount, the Local Agency shall withdraw an amount from the Acquisition Account equal to the Actual Cost, and shall transfer said amount to the Developer. Any amounts then remaining in the Acquisition Account shall be applied as provided in Section 1.03.

In no event shall the Local Agency be required to pay the Developer more than the amount on deposit in the Acquisition Account at the time such payment is requested.

Section 2.04. Conditions Precedent to Payment of Acquisition Price. Payment to the Developer or its designee of the Acquisition Price for an Acquisition Improvement from the Acquisition and Construction Fund shall in every case be conditioned first upon the determination of the Local Agency Engineer, pursuant to Section 2.03, that the Acquisition Improvement satisfies all Local Agency regulations and ordinances and is otherwise complete and ready for acceptance by the Local Agency, and shall be further conditioned upon satisfaction of the following additional conditions precedent:

(a) The Developer shall have provided the Local Agency with lien releases or other similar documentation satisfactory to the Local Agency Engineer as evidence that none of the property (including any rights-of-way or other easements necessary for the operation and maintenance of the Acquisition Improvement, to the extent not already publicly owned) comprising the Acquisition Improvement, and the property which is subject to the [assessments/Special Taxes] of the District, is not subject to any prospective mechanics lien claim respecting the Acquisition Improvements.

(b) All due and payable property taxes, and installments of [assessments/Special Taxes] shall be current on property owned by the Developer or under option to the Developer that is subject to the lien of the District.

(c) The Developer shall certify that it is not in default with respect to any loan secured by any interest in the Project.

(d) The Developer shall have provided the Local Agency with Title Documents needed to provide the Local Agency with title to the site, right-of-way, or easement upon which the subject Acquisition Improvements are situated. All such Title Documents shall be in a form acceptable to the Local Agency (or applicable governmental agency) and shall convey Acceptable Title. The Developer shall provide a policy of title insurance as of the date of transfer in a form acceptable to the Local Agency Engineer insuring the Local Agency as to the interests acquired in connection with the acquisition of any interest for which such a policy of title insurance is not required by another agreement between the Local Agency and the Developer. Each title insurance policy required hereunder shall be in the amount equal to or greater than the Acquisition Price.

Section 2.05. SCIP Requisition. Upon a determination by the Local Agency Engineer to pay the Acquisition Price of the Acquisition Improvements pursuant to Section 2.04, the Local Agency Engineer shall cause a SCIP Requisition to be submitted to the Program

Administrator. The Program Administrator will review the SCIP Requisition and forward it with instructions to the SCIP Trustee and the SCIP Trustee shall make payment directly to the Developer of such amount pursuant to the SCIP Trust Agreement. The Local Agency and the Developer acknowledge and agree that the SCIP Trustee shall make payment strictly in accordance with the SCIP Requisition and shall not be required to determine whether or not the Acquisition Improvements have been completed or what the Actual Costs may be with respect to such Acquisition Improvements. The SCIP Trustee shall be entitled to rely on the SCIP Requisition on its face without any further duty of investigation.

ARTICLE III
