

CITY OF YUBA CITY
STAFF REPORT

Date: November 15, 2022
To: Honorable Mayor & Members of the City Council;
From: Administration Department
Presentation By: Ciara Wakefield, City Clerk Administrator

Summary

Subject: Fiscal Year 2023-2024 Waste Tire Enforcement Grant Application
Recommendation: Adopt a Resolution authorizing Yuba County, as the Lead Agency of the Yuba-Sutter Local Enforcement Agency, to perform Waste Tire Enforcement activities on behalf of the City of Yuba City and submit a Collaborative Application for the Waste Tire Enforcement Grant to CalRecycle for Fiscal Year 2023-24
Fiscal Impact: None directly to the City. The Yuba-Sutter LEA estimates receiving funding of \$90,000-\$110,000 for enforcement activities

Purpose:

To ensure that generators of waste tires properly handle, store, transport and dispose of waste tires as required under regulations. This is accomplished by annual facility inspections and education and by conducting surveillance for illegally disposed tires.

Background:

In 1989, CalRecycle (formerly called the California Integrated Waste Management Board) certified all County Environmental Health Departments to be the Local Enforcement Agencies (LEA) to carry out solid waste permitting, inspection and enforcement activities. Sutter County and Yuba County opted to form a joint local enforcement agency with Yuba County Environmental Health Department being the lead agency. Enforcement activities include the cities of Yuba City, Live Oak, Marysville, and Wheatland, as well as Yuba and Sutter Counties.

CalRecycle receives revenue through fees generated from each new tire sold in California to fund the Waste Tire grants.

Analysis:

The Yuba-Sutter LEA, through Yuba County, has one inspector dedicated to Waste Tire Enforcement activities for the bi-county region. The inspector performs 30 – 40 inspections and responds to one or two complaints per month. Inspections are performed every two to three years on tire shops, auto repair shops, farmers, or any business that receives, sells, or stores tires. The businesses are required to keep disposal records for up to three years. The inspector verifies that the business is in compliance

with state laws regarding their disposal process and how many waste and used tires are on hand. Violators are given 30 days to become compliant; if in 30 days they are still in violation, the business is referred to CalRecycle for enforcement (see attached Flow Chart).

On behalf of the Yuba-Sutter Local Enforcement Agency, Yuba County is prepared to submit a collaborative application for the Waste Tire Enforcement Grant for FY 2023-24. The grant pays for the cost of the inspector and inspections at \$119 per hour, which includes personnel time, a truck and other equipment, mileage, administration and overhead costs, etc.

Fiscal Impact:

None directly to the City. Jurisdictions with populations equal or less than 900,000 are eligible to receive up to \$300,000. The Yuba-Sutter LEA usually budgets for \$90,000 to \$110,000 per grant cycle and at least 80% of this money is spent. The Yuba-Sutter LEA received a grant of \$102,540 for Waste Tire Enforcement activities for FY 2022-23.

Alternatives:

If the City Council elects not to participate in the collaborative application with the Yuba-Sutter Local Enforcement Agency, it may result in a loss of waste tire enforcement activities within the City boundaries.

Recommendation:

Adopt a Resolution authorizing Yuba County, as the Lead Agency of the Yuba-Sutter Local Enforcement Agency, to perform Waste Tire Enforcement activities on behalf of the City of Yuba City and submit a Collaborative Application for the Waste Tire Enforcement Grant to CalRecycle for Fiscal Year 2023-24.
