

Name: Sukh Sidhu

Occupation: Senior Operations Director

My family has been part of the fabric of Yuba City since my father settled here in 1976. I learned many important lessons from my father, namely, that good things come from:

*Hard work.* As a Senior Executive in private business, I am responsible for multi-millions of dollars in revenue. I pledge to bring that same drive for real-world profitability to City government.

*Commitment to community.* As President of the Yuba-Sutter-Colusa United Way, I have dedicated myself tirelessly to public service. Senior care, education, and the fight against homelessness are critical to our shared success.

*Family and tradition.* My wife of 23 years and I have raised two daughters in Yuba City. I proudly own and operate our family farm and as Councilman I will fight to protect our regional resources.

Yuba City, we deserve a thriving economy, clean roads and water, healthy relationships with our City partners, and public schools that teach and protect our children.

As a father, farmer, businessman, and proud American, I truly understand the importance of strong community values. I look forward to earning your vote.
