

## STATEMENT OF CANDIDATE FOR YUBA CITY COUNCIL

GRACE ESPINDOLA

Occupation: Education Administration

Education and Qualifications:

Yuba City matters to me. The safety of our families and businesses is my top priority and we must invest in programs that improve public safety, including evacuation preparedness.

As a founding member of the Sutter-Yuba Homeless Consortium, I have been working with community leaders to develop solutions to our homeless crisis. Committed to balanced budgets, I will focus on paying down unfunded pension liability while investing in quality of life projects that benefit local families.

At the age of twelve I began working in the orchards. My parent's guidance set me on a path for a successful career, with education being a priority. Many years ago, I set a personal goal – to earn my Master's degree. I'm proud to say that I achieved that goal earlier this year, becoming the first in my family to do so! I am one of you. Together, we must set goals for Yuba City and work every day to achieving them.

"We Serve Together" is at the heart of my core values. I will be a leader who will be accessible and listen with compassion and understanding, making your passions my own.

I respectfully ask for your vote on November 6<sup>th</sup>. [www.graceespindola.com](http://www.graceespindola.com), (530) 656-8595
