

John Mark Buckland

Age 60

Occupation: Retired Police Lieutenant Councilmember

Retiring after 32 years as a police Lieutenant wasn't the end of my service in Yuba City. One month after retirement I was elected to the City Council and served as Mayor twice. Truly it is an honor and privilege to serve the residents of this great city.

Through my leadership public safety initiatives have advanced. Flood control efforts have been completed on the Feather River including emergency repairs in Yuba City, construction is underway on the new 5th Street Bridge and we have fully staffed police and fire departments.

I represent residents as a board director at Sacramento Area Council of Governments, Sutter-Butte Flood Control Agency, Sutter Animal Services Authority and regionally as a director at California Council of Governments. During the past eight years I served on nine additional boards each providing prospective on regional and local efforts to improve the quality of life for our citizens. My community involvement isn't limited to government work. I developed and co-own Millennium Kart Racing, lead the annual Yuba-Sutter Youth Mexico Mission Trip, and help produce "Every 15 Minutes" programs in north state high schools.

I can be reached at (530) 933-0897 for any questions.
