

STATEMENT OF CANDIDATE FOR YUBA CITY, CITY COUNCIL

Stanley Cleveland Jr

Business owner/Incumbent

I am a retired journeyman commercial carpenter and have lived in and operated, with my wife, a small business in Yuba City for over 30 years. We raised our children and now grand children here too. It would be an honor to continue to be a leader in improving the quality of life for all Yuba City residents.

My focuses have been on having the best equipped Police and Fire departments and well-trained personnel, improvements to city roads, stable-clean water supply, regulatory compliant waste water treatment facility and the highest flood protection affordable. All these are needed to encourage good paying businesses to locate in Yuba City.

The past 10 years have been tough on some Yuba City residents and as a community we need to find ways to reduce homelessness and help those at risk of becoming homeless. Attracting new businesses to Yuba City is important to helping others.

I have only one special interest group, You the citizen of Yuba City and what is in your best interest.

I ask for you vote on election day, November 6, 2018

Stanley M Cleveland Jr
