

## STATEMENT OF CANDIDATE FOR CITY COUNCIL

Stacy Brookman

Occupation: Small Business Owner/Medically Retired Deputy Sheriff

I have been a proud resident of Yuba City for the majority of my life. I have watched our city evolve and in doing so have observed it's history of successes as well as it's challenges.

I strongly believe that we need to take immediate action to improve economic development, reduce crime, upgrade infrastructure, maintain staffing at our fire departments, and continue to focus on the homeless all while avoiding further tax burdens.

Leadership means listening to everyone, shelving personal agendas and representing ALL of the people. This is exactly how I intend to lead the city forward. I will treat every citizen with dignity and respect no matter the situation. I will work to bring back cohesiveness and professionalism to the council by showing this same respect to my fellow Council Members both in and out of chambers.

We need fresh eyes, new ideas, and better more respectful communication between our officials and our citizens. We have to work together. What we do now will impact Yuba City for generations to come. I invite you to call me at 530-645-2080.
