*The City of Yuba City invites you to participate in a study session with the Planning Commission at **5:00 PM on Wednesday, April 28, 2021**, to discuss the 2021 – 2029 Housing Element update, and the General Plan technical update. Please join us to learn more about the process and to identify specific needs and opportunities for the City.*

*The 2004 General Plan is a comprehensive, long-term plan for the City and serves as a guide for decision-making on long-term physical development. The Housing Element, one of the state-required elements included in the General Plan, establishes goals, policies, and implementation measures to guide the development of housing in Yuba City. While the Housing Element update will be comprehensive, the General Plan Update will be more technical to reflect changes in state law and the needs of the Housing Element.*
