

CITY OF YUBA CITY
STAFF REPORT

Date: December 19, 2017

To: Honorable Mayor & Members of the City Council

From: Administration

Presentation By: Terrel Locke, Assistant to the City Manager

Summary

Subject: Fiscal Year 2017-18 Waste Tire Enforcement Grant Application

Recommendation: Adopt a Resolution authorizing Yuba County, as the Lead Agency of the Yuba-Sutter Local Enforcement Agency, to perform Waste Tire Enforcement activities on behalf of the City of Yuba City and submit a Collaborative Application for the Waste Tire Enforcement Grant to CalRecycle for Fiscal Year 2017-18

Fiscal Impact: None directly to the City. The Yuba-Sutter LEA estimates receiving funding of \$90,000-\$110,000 for enforcement activities

Purpose:

Reduce the number of waste tires going to the landfill for disposal and eliminating the stockpiling of waste tires where public health and safety and the environment may be at risk.

Background:

In 1989, CalRecycle (formerly called the California Integrated Waste Management Board) certified all County Environmental Health Departments to be the Local Enforcement Agencies (LEA) to carry out solid waste permitting, inspection and enforcement activities. Sutter County and Yuba County opted to form a joint local enforcement agency with Yuba County Environmental Health Department being the lead agency. Enforcement activities include the cities of Yuba City, Live Oak, Marysville, and Wheatland, as well as Yuba and Sutter Counties.

Revenue for the grants is generated from a tire fee on each new tire sold in California.

Analysis:

The Yuba-Sutter LEA, through Yuba County, has one inspector dedicated to Waste Tire Enforcement activities for the bi-county region. The inspector performs 30 – 40 inspections and responds to one or two complaints per month. Inspections are performed every two to three years on tire shops, auto repair shops, farmers, or any business that receives, sells, or stores tires. The businesses are required to keep disposal records for up to three years. The inspector verifies that the business is in compliance with state laws regarding their disposal process and how many waste and use tires are on hand. Violators are given 30 days to become compliant; if in 30 days they are still in violation, the business is referred to CalRecycle for enforcement (see attached Flow Chart).

The grant pays for the cost of the inspector and inspections at \$119 per hour, which includes

personnel time, a truck and other equipment, mileage, administration and overhead costs, etc.

Fiscal Impact:

None directly to the City. Jurisdictions with populations equal or less than 900,000 are eligible to receive up to \$300,000. The Yuba-Sutter LEA usually budgets for \$80,000 to \$100,000 per grant cycle and at least 80% of this money is spent. The Yuba-Sutter LEA received a grant of \$106,920 for Waste Tire Enforcement activities for FY 2016-17.

Alternatives:

- If the City Council elects not to participate in the collaborative application with the Yuba-Sutter Local Enforcement Agency, it may result in a loss of waste tire enforcement activities within the City boundaries.

Recommendation:

Adopt a Resolution authorizing Yuba County, as the Lead Agency of the Yuba-Sutter Local Enforcement Agency, to perform Waste Tire Enforcement activities on behalf of the City of Yuba City and submit a Collaborative Application for the Waste Tire Enforcement Grant to CalRecycle for Fiscal Year 2017-18.
